Heaven is Waiting

A short film written and directed by Shlomi Ben Yair

In 2009 Shlomi Ben Yair, a resident of Maplewood, founded Peace Walk Productions with the aspiration to create films that show the different sides of current social battles, starting with the Israeli Palestinian conflict.

'Heaven Is Waiting' is a short film written and directed by Shlomi. The film was well received in the international film festival circuit with showings that included: Milan international, Cannes court metrage, Montreal world of film, Rhode island international and New York's Soho international.

Shlomi will be available to discuss the film following the screening.
